

A SQUARE DANCE TRAVEL GUIDE®

JUNE

1990

DEDICATION

JOHN CONLEY, a member of Western Star Dancers since April, 1985, is a quiet person. Unless you were looking for him specifically, you might miss him in a crowded room because he's just not an attention hog. You've seen John a lot because he is usually in the shadow of his lover, Scott Carey. However, John contributes an enormous amount of energy and background support to Western Star and the IAGSDC. Since Scott is usually over his head in projects for both WSD and the Association, their home is constantly open to a wide array of guests and meetings. John is always gracious. is detail oriented and works together with others peacefully. It is staggering to think of the number of miles he has driven shuttling animate and inanimate objects for the benefit of gay square dancing. And best of all, he's a darn good square dancer.

John is a creative person also. You have started to see his work in the computer graphics used in the C&C Studio serial "Crossfire." He and Scott are teaming up to present a unique videography of gay square dancing.

If all the clubs had at least one carbon copy of a John Conley, you would probably see less burnout of those more visible workers. It's often easy to overlook the quiet ones who consistently contribute more than their fair share of hard work. Hey, John! We're lookin' at ya!

FOREWORD

Although this edition of the TRAVEL GUIDE is being distributed in April, **THE EFFECTIVE DATE OF THE INFORMATION IS JUNE 1, 1990.**

There are two minor, but important, shifts in the TRAVEL GUIDE this year. Since the GUIDE is a resource to help you find the nooks and crannies of gay square dancing and C&W dancing, I thought that the dedication should start to focus on individuals who are not naturally in the limelight but who contribute substantially to the gay square dance movement. The contents have remained copyrighted, but this year reproduction in whole or in part is permitted with acknowledgment of the source.

And for my soapbox this year, I want to reiterate that I stand firmly and loudly behind the Western Star Dancers philosophy that square dancing is more than a race against time. Since February, 1983, I've danced with more hundreds of people than I can possibly remember. The worst tips have been those where people have raced though the programs and break down squares because they believe they know what they are doing. The best tips have been those where people were concentrating and dancing hard "stuff" because they knew the program, and we all smiled at the end, knowing we had just done some good dancing. But better yet, we wanted to dance together again.

This Guide is to help you locate gay square dance clubs when you are traveling. As with any publication that is a representation of a growing body, the information is constantly changing. It is wise to confirm dance schedules prior to your trip. There are other dance activities associated with square dancing, such as clogging, bootscotting, and performance-only groups. This TRAVEL GUIDE is not intended to encompass all these activities but focuses on square dance opportunities that are open to all who know the Callerlab format.

I have attempted to be as thorough as possible in the presentation of this data. I apologize for any mistakes.
