ANNOUNCEMENTS

"Office Hours with Keith Baker" scheduled for 8pm on Thurs 2/5 contains a typo. It should actually read "Office Hours with Chris Pramas." We used the French spelling.

Lose Something? Check with Guest Services on Deck 5. JoCo Cruise does not have its own Lost & Found.

Find Something? Take it to Guest Services on Deck 5. JoCo Cruise still does not have its own Lost & Found.

PENANCE

Dearest Sea Monkeys,
In our zeal to perform our duty as your Servants, the Brethren neglected to include the sigils and badges of Our Most Glorious Sponsors in yesterday's edition of The Sea Monkey.

To atone for this disgraceful omission, we have faithfully rendered the signs and words of these, our Most Glorious Sponsors, in today's issue. We have imposed a suitable penance upon ourselves for this sin of omission, and if any of you should See Us, You are Most Welcome to Heap Scorn Upon Us.

--Yours,
The Confraternity.

ASK SCARFACE

Dear Scarface,
What is Cruise policy on humans who have inadvertently betrayed our entire species by fraternizing with the Cylons and giving them the access codes to the Defense Mainframe? Would they get in trouble? A friend of mine really wants to know.
--Gaius Baltar, MD, PhD.

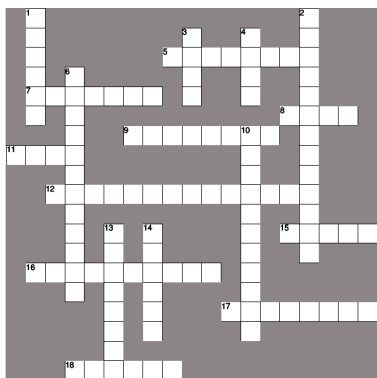

Dear Gaius,
What a great question-- I'm sure we've all been there at some point! Please tell your friend to refer to the Royal Caribbean Code of Conduct for Treason. So say we all!

Dear Scarface,
Comment dit-on "Snork" en français?
--Singe de Mer

Cher Singe de Mer,
On dirait "Snorque." Tu peux me donner une clope?
--Scarface

THE BIG GAME

By now you're all probably aware that the past couple of days witnessed the culmination of one of the largest, most significant, and most thrilling tournaments in recent sporting history. Though one party was slightly favored coming into the competition, the opposition fought back courageously and pulled out an exhilarating victory in the final moments with back-to-back career-defining plays. Fans were either outraged or overjoyed, though all ultimately agreed that the winning team earned every last one of their points of damage.

Sorry, what? Yes, damage. Did you even see the match? JoCo's Squadron Hawks had no chance against Storm's 64 1/1 Red Goblin Tokens, not to mention the 30+ damage from all of the Lightning Bolts produced by Pyromancer's Ascension. Seriously, it was insane - Storm was slowly but surely losing everything, and then off in one turn! Unbelievable.

What's a "Superbowl"?
