

IMPORTANT ANNOUNCEMENTS

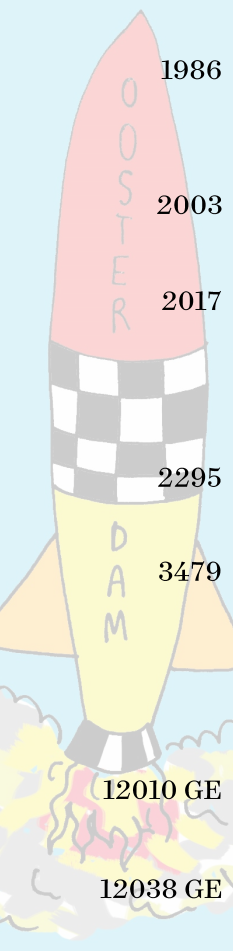

Game System Hook Ups

Due to the complexity of HAL's rad new IPTV system, getting your game system connected to your cabin's TV must be done manually by one of our awesome cruise tech specialists. You may request this service at the sea monkey help desk and you will be contacted to schedule a convenient time for your game system to be set up. Please note that returning your TV to the standard JoCo Cruise programming requires another scheduled visit from the tv specialist.

Shadow Event Organizers

If you are the coordinator of a shadow event, remember to stop by the Info Desk before your event and pick up your Event Management form. It contains information about your event, and is also how you will report your event's attendance and any notes you have back to us, so that we can continue to improve our scheduling and venue placement process. Thank you!
