APPENDIX A

Treasurer's Report

Report Date: May 12, 2026

Treasurer: Mike Van Roy

Executive Overview

Required filings have been completed with the Fair Political Practices Commission (FPPC) and the Federal Election Commission (FEC). Internal Revenue Service (IRS) filings are in progress.

I am continuing to familiarize myself with all systems and processes to ensure accuracy, compliance, and long-term operational stability. Additional training sessions with Mimi will continue as needed to ensure full operational continuity.

Financial Status

Bank Balances (as of May 12, 2026):

LPC Account:	\$84,444.62
CSC FPPC Account:	\$11,675.30
CSC FEC Account:	\$21,014.91 (unchanged since last month)
Total Cash on Hand:	\$117,134.83

Budget to Actual

The \$816.60 budget deficit reported at the previous meeting has increased to \$3,004.01. At this time, I do not believe this reflects overspending, as the current deficit remains significantly below the projected \$13,433.36 deficit anticipated for this point in the fiscal year. There was also no significant or unanticipated spending activity during the past month.

Membership signups and renewals also remain ahead of budget projections, though a post-national convention slowdown remains possible.

Late state convention expenses are not a contributing factor, as there have been no convention invoices since last month.

The current variance appears primarily attributable to differences between projected and actual timing of revenue and expenses. The adopted budget assumed relatively linear revenue and expenditure patterns that do not fully reflect actual operating conditions.

At this time, the variance does not appear alarming, but it will continue to be monitored closely.

.

Government Reports

Cathy Gatewood reports that all IRS forms have been completed and are pending digital signature and submission.

Mimi and I still need to complete training on NetFile for FPPC and FEC reporting. This training is expected to occur after the national convention.

Goals For Next Term

- *Treasurer Resource Network*

Establish a listserv for affiliate treasurers, members with financial responsibilities, and relevant professionals to facilitate the sharing of best practices, compliance guidance, and operational knowledge. The initiative would leverage existing Party communication infrastructure and is expected to be implemented without additional cost.

Work on this project is expected to begin after the national convention.

- *Affiliate Financial Training and Compliance Guidance*

Develop and implement training materials outlining reporting requirements and financial best practices for affiliates. This effort is intended to address recurring compliance challenges across multiple affiliates and improve statewide consistency and risk management.

Development will continue as Treasurer onboarding progresses, with the goal of providing initial training resources prior to the end of the current term.

APPENDIX B

Website/IT Committee Report

Report Date: May 11, 2026

Committee Chair: Mimi Robson

Members: Joe Dehn, Brendan McMillion, Wesley Martin, Marcus Schuff, Starchild, Pat Wright

Committee Purpose

- 1) Maintaining and making modifications to the LP of California's website and information technology (IT) infrastructure.
- 2) Maintaining and working with contractors, volunteers and other personnel with the goal of maintaining and modifying the website and IT infrastructure.

Executive Overview

The full committee has not met since February 22nd, however, work has continued through the specific members assigned to technical tasks. Following the execution of the contract and NDA, I granted administrative access to Tim Ferreira for Neon so that data could be pulled for the NationBuilder test environment. During that meeting, the primary members to conduct the testing were agreed upon, and on May 5th, those members (Mimi Robson, Joe Dehn, and Wesley Martin) met with Tim Ferreira and Chris Minoletti from Digital Prickle. It was determined that the file downloaded from Neon and uploaded to NationBuilder was missing significant information and a new upload would be required.

The updated party website officially launched on May 10, 2026. The relaunch was delayed as work had to be put on hold while we addressed a critical security and hosting issue involving excessive usage charges. Maria Montiel and Wesley Martin worked closely with the WP Engine team to identify bot attacks on our dynamic pages. Their quick response resulted in a custom technical solution that saved the party several hundred dollars in monthly overages.

Additionally, the process to enable texting from Neon is complete, and I am working on establishing the "opt-in" protocols for registered voters.

CRM Evaluation: Neon vs. NationBuilder

- **Current Status:** A technical meeting was held on May 5th with the designated testers. During the meeting, it was determined that the information uploaded to NationBuilder contained errors and was missing data. I have

since provided a report with all of the required information for a clean upload.

- **Testing Assignments:** Mimi Robson, Joe Dehn, and Wesley Martin have been added as admins on the new NationBuilder account. Chris Minoletti will be the main contact from Digital Prickle for testing going forward. Once a proper import is confirmed, the work will proceed as follows:
 - **Mimi Robson:** Test state-level membership and treasurer/financial features, along with the state secretary and treasurer.
 - **Joe Dehn:** Test functionality for the county organizations.
 - **Wesley Martin:** Test communications and the monthly email newsletters.
- **Update:** As of today, the data has not yet been updated in the test site, so the various testing sub-groups remain in a holding pattern.

Website Update & Security

- **Launch:** The updated website launched on May 10, 2026.
- **WP Engine Usage Issues:** On April 10th, WP Engine contacted us regarding a large increase in uncached dynamic requests and elevated backend usage. This additional usage could cost us between \$300 and \$400 per month. Due to this, we were able to schedule a meeting with Jay Barrós from the account team, and Maria Montiel and Wesley Martin from our team on April 13th to address the issue.
- **Technical Mitigation:** After additional research and a follow-up meeting on April 16th, it was found that the "metaweb indexer" bot (used to train Facebook AI) had been attacking the site's dynamic pages for several months. Since this is an approved crawler, WP Engine could not disable it. Maria wrote and implemented custom code to block the attacks while reenabling essential Facebook bot interactions.
- **Operational Changes:** The attacks specifically targeted dynamic pages like the calendar and blog. To prevent future issues, users can no longer directly input calendar events.
- **Event Submissions:** All upcoming events must now be emailed to editor@ca.lp.org by the 25th of the month for inclusion in the upcoming schedule.
- **Blog Post and News Submissions:** All upcoming submissions should be sent to both witcom@ca.lp.org and webmaster@ca.lp.org.

Site Features: The site now includes updated listings for current elected Libertarians, candidates, and the Executive Committee.

Neon System Improvements

- **Texting:** We are now able to send texts from Neon.
- **Compliance:** To ensure we have documented opt-ins, I am working on adding a new membership category for registered voters. This will allow the party to utilize Neon's database for outreach without contact limits while remaining compliant.

Meeting History

- **May 5, 2026:** Technical meeting with designated testers (Mimi Robson, Joe Dehn, Wesley Martin) and Digital Prickle (Tim Ferreira, Chris Minoletti).
- **April 13 and April 16, 2026:** Meetings with WP Engine regarding account usage (Maria Montiel and Wesley Martin)
- **Next meeting:** TBD

Respectfully Submitted,

Mimi Robson, Chair
Website/IT Committee

Libertarian Party of California
Attn: Wesley Martin

Subject: Libertarian Party of California

Thank you for considering the DoubleTree by Hilton Sacramento for the 2027 Annual Convention in August 2027. The Hotel is located in the Sacramento Point West Market Place which is a short 5-mile drive to downtown Sacramento and just 12 miles to the Sacramento International Airport. We are within walking distance of the Arden Fair Mall, which features a variety of shops and restaurants that will meet all types of budgets.

We're excited to announce that our beautiful, \$38-million full renovation is complete, which includes updates to all banquet/meeting spaces, the hotel lobby, restaurant, Starbucks market, hotel bar, business center, guest rooms, and fitness center. Our rooms are notably spacious, owing to the historic charm of the property.

Sacramento Attractions

Sacramento is America's Farm-to-Fork Capital and the only star on the map of California. The city is buzzing with things to taste, see, and savor. We invite you to pick your pleasure, whether it's our farm-fresh restaurants, plentiful farmers markets, home-grown breweries, colorful street murals, Gold Rush-era family attractions, or a sunset walk along the river. Below are a few of our personal faves!

- Wineries! Did you know Sacramento offers over 218 wine bars and wineries
- Casinos! We now have 3 within 30 minutes of the Hotel
- So much History here in our beautiful city! Sutter's Fort, Museums, State Capitol, Old Sacramento and the Railroad Museum brings Sacramento's Gold Rush history alive.

Upon confirmation, one of our professional Convention Services Managers will be assigned to work with you.

Feel free to contact me if you have any questions or if I can provide any additional information. Please note that the rooms and space outlined in this proposal are not currently being held out of inventory.

Thank you again for the opportunity to present our proposal. I hope to welcome your group to the DoubleTree by Hilton Sacramento in August 2027!

Sincerely,
