

MARTIN V. LIBERTARIAN NATIONAL COMMITTEE

**To Declare Invalid the LNC Action Purporting to Void the Region 1
Election of May 10, 2025 and to Clarify the Interpretation of
Sustaining Membership Status, Rights, and Regional Autonomy**

RESPONSE TO JONATHAN JACOBS

IN SUPPORT OF THE LNC

Date: March 28, 2026

I will keep this short simply to respond to one point by Mr. Jacobs in which I am disagreement. I am an agreement with the rest.

Mr. Jacobs is incorrect that the election of the Bylaws Committee makes this a potential continuing breach. Alternates are *conditional* voting members of the LNC. At no point did the full voting member referenced, Andrew Chadderdon, indicate any desire to yield his vote. He was the voting member, and in fact did vote for Region 1. There was no denied vote, and thus no contested election.

Thank you for your time and service.

Caryn Ann Harlos, life member, Region 1 member

I thank Mr. Jacobs for not using AI.
