

Libertarian Party Region Formation Agreement

The state affiliates of the Libertarian Party listed below hereby form a representative region for the purpose of electing the number of members and alternates of the Libertarian National Committee that are allocated by the Libertarian Party bylaws to the region based on the number of national party sustaining members associated with the region.

This agreement shall become effective upon filing with the Secretary of the national Libertarian Party a signed agreement among states with enough national Party sustaining members to form a representative region. After this agreement has come into effect and before nominations have been opened at the regional caucus, a state affiliate may join or withdraw from this agreement with the written consent of a majority of the other state affiliates party to this agreement if the bylaws of the national Libertarian Party so permit. Once nominations have opened, a state affiliate may join or withdraw from this agreement with the written consent of all other state affiliates party to this agreement if the bylaws of the national Libertarian Party so permit.

To facilitate the gathering of signatures, signatures may appear on separate versions of this agreement and this agreement may be executed in counterparts, which together shall constitute the whole agreement. Furthermore, copies of this agreement may be executed electronically by pdf, facsimile, or other means.

The term of office for a regional representative and alternate shall commence at the close of the convention at which a representative region may be formed and shall end at the close of the next convention at which a representative region may be formed.

This region shall consist of the state affiliates of Illinois, New Jersey, New York, and Wisconsin.

A regional caucus shall be held at each regular national convention. Each registered national convention delegate of the Region states party to this agreement who are present at the caucus shall have one vote. If there is more than one nominee for any office, voting shall be by ballot.

The member and/or alternate of the LNC, elected by the region, shall report to the State Chairs of the region.

The representative and/or alternate of the LNC, elected by the region, may be removed from office only by a vote of the region's primary, registered, credentialed, and seated national convention delegates at a regional caucus. A quorum for such a caucus shall consist of at least thirty percent (30%) of the region's primary, registered, credentialed, and seated national convention delegates. Removal requires a 2/3rd majority vote of said delegates. A regional caucus for such a purpose shall be initiated by a petition of at least thirty percent (30%) of region's primary, registered, credentialed, and seated national convention delegates, submitted to state party chairs or by a majority decision of chairs in the region.

A vacancy may be filled by a vote of the region's primary, registered, credentialed, and seated national convention delegates at a regional caucus. A quorum for such a caucus shall consist of at least thirty percent (30%) of the region's primary, registered, credentialed, and seated national convention delegates. The vacancy shall be filled by a simple majority vote of said delegates. A regional caucus must be completed in 20 days of a vacancy.

Any vote to remove a representative or to fill a vacancy must have a 10 days notice to all region's primary, registered, credentialed, and seated national convention delegates before voting, and the voting can be conducted online.

The Alternate Representative of the region will fill any vacancies of the region's representatives until a new representative can be filled permanently by regional caucus rules.

On votes before the Libertarian National Committee, if the state chairs of the region choose to direct the regional representative, such direction shall require approval by two-thirds of all state chairs, and the regional representative shall vote accordingly.

A state may withdraw from the region, with a state caucus of the majority of that state's primary, registered, credentialed, and seated national convention delegates, with a majority vote of said delegates.

The representatives of state affiliates signing below each attest that they are authorized by their state party bylaws to enter into this agreement and contractually bind their state party. The following state affiliates of the Libertarian Party agree, in accordance with the terms above, to enter into a representative region.

Illinois	<u>Raymond Walden</u>	Title:	<u>State Acting Chair</u>
