(1) Present at first roll call
(A) Advanced notice of absence given

The meeting was called to order at 6:09 p.m. by Duane Whitmer, Chair.

Secretary Andrew Kolstee conducted a roll. Twenty-one (22) of thirty-five (35) voting members of the State Committee present at the time of the roll call. Mark Axinn and Maura Botsford indicated in advance that they would not be in attendance. The Secretary determined that a quorum was present at all times during the meeting.

Motion by Chance Haywood to **adopt the agenda (Exhibit 1)** was seconded by Andrew Kolstee and passed by voice vote.

The following resolution had been postponed from the December 15, 2024 meeting of the State Committee:

WHEREAS under the leadership of Angela McArdle, Chair of the Libertarian National Committee (LNC) had a fiduciary duty to support the Libertarian Party's Presidential and Vice-Presidential nominees, as outlined in Libertarian Party Bylaw 2-4, but failed to

fulfill this duty, and its actions have undermined the Libertarian Party's principles, nominees, and credibility; and

WHEREAS Angela McArdle actively undermined Chase Oliver's candidacy through damaging public remarks, promoted the use of the campaign to aid Donald Trump's reelection such as suggesting that Chase Oliver would take votes away from Joe Biden to benefit Trump, and endorsed a joint fundraising effort with Robert F. Kennedy Jr., and for deliberately working with an opposing candidate to the detriment of our own, specifically Donald Trump, who was not the party's nominee, and placing trust in politicians with no demonstrated commitment to advancing libertarian ideals, causing significant harm to the party's reputation, independence, and credibility; and

WHEREAS Angela McArdle has engaged in questionable dealings, including the nonprofit Rescue the West, receiving at least \$776,000 from organizations affiliated with Robert F. Kennedy Jr., without disclosure to the Libertarian National Committee and dismissing related questions at a recent LNC meeting; and further eroded trust by hiring her personal partner as a fundraiser and appointing unqualified personnel, creating the appearance of self-dealing and undermining accountability within the Libertarian Party; and

WHEREAS LNC Secretary Caryn Ann Harlos fulfilled her fiduciary duties by ensuring Chase Oliver was placed on the ballot in Colorado, yet was suspended in what appears to be a retaliatory act driven by personal grievances rather than legitimate concerns. Despite the Libertarian Party Judicial Committee voiding her suspension and related LNC actions—affirming the importance of due process and integrity in governance—Harlos has not been reinstated, exposing a disregard for procedural fairness and internal checks and balances. Further, at the December 7, 2024, LNC meeting, a motion passed allowing officers to be removed for subjective reasons deemed "potentially harmful," enabling retaliatory actions and undermining fairness, accountability, and trust within the party; and

WHEREAS the Libertarian Party of New York recognizes the importance of grassroots efforts to advance liberty, while also acknowledging that national party actions affect public perception and membership at state and local levels; and

WHEREAS the Libertarian Party of New York has historically refrained from commenting on national party actions; however, these actions have alienated donors, hindered state ballot access, and weakened local and national campaigns, while fostering a perception of the Libertarian Party as "Republican Lite," harming its identity as an independent party, and under Angela McArdle's leadership, the national Libertarian Party has taken actions that have severely damaged its credibility, fostered internal corruption, and aligned the party with partisan interests that betray core libertarian principles, forcing the Libertarian Party of New York to clarify to our constituents that we vehemently oppose and disavow the actions and direction of the national Libertarian Party;

NOW, THEREFORE, BE IT RESOLVED that the LPNY condemns actions by the LNC and Angela McArdle that undermined the Libertarian Party's Presidential and Vice-Presidential nominees, including public criticism of the nominees, joint fundraising with another party's candidate, failing to address state ballot obstruction, and engaging in questionable hiring practices; and

BE IT FURTHER RESOLVED that the LPNY demands the resignation of Angela McArdle as Chair of the LNC and calls for her removal by a vote of the LNC if she does not resign within twenty-four (24) hours of this resolution’s passing; and

BE IT FURTHER RESOLVED that the LPNY demands the resignation of any LNC member who has enabled or contributed to internal corruption, undermined the party’s principles, or harmed its nominees and growth; and

BE IT FURTHER RESOLVED, that the LPNY commends Caryn Ann Harlos for her dedication to upholding ballot access and integrity by speaking out against corruption, even in the face of retaliation, and calls for her immediate reinstatement as National Secretary, recognizing that her removal was unjust and harmful to the principles of transparency and accountability; and

BE IT FURTHER RESOLVED, that the LPNY differentiates itself from the actions of the National Libertarian Party by rejecting decisions and behaviors that undermine libertarian principles. The LPNY affirms its commitment to upholding the values and mission of liberty and integrity that truly represent the movement, distancing itself from actions that fail to align with these principles.

BE IT FURTHER RESOLVED, that the LPNY is dedicated to advancing liberty at the local level, where meaningful and lasting change begins. Through grassroots activism, unity, civility, transparency, and accountability, the LPNY is focused on empowering individuals, strengthening local organizations, and building a principled Libertarian movement in New York. By leading with integrity and prioritizing community-based efforts, the LPNY is committed to restoring trust, growing its presence, and making a tangible impact in the lives of New Yorkers.

Motion by Andrew Kolstee to **call the question** was seconded by Pietro Geraci and passed by voice vote. WHEREAS the prime directive of the Libertarian Party of New York is to elect Libertarians to public office, and fostering an environment conducive to electing Libertarian candidates requires activism through direct citizen action to effect change, advance the principles of the Libertarian Party, recruit candidates, and generate the necessary resources through effective fundraising;

LIBERTARIAN PARTY OF NEW YORK
2024-2026 TERM RESOLUTION 3
Passed 13-1-6 on January 19, 2025

Resolution of the Libertarian Party of New York
Condemning Actions Contrary to the Principles and Growth of the Libertarian Party
And Calling for Immediate Corrective Action

WHEREAS The Libertarian National Committee (LNC) has a duty, as stated in its bylaws,¹ to nominate candidates for President and Vice-President of the United States and to support those nominees along with other Party and affiliate party candidates, ensuring its actions align with the expectations of members and donors² who contribute to advance libertarian candidates and principles; and

WHEREAS Chase Oliver and Mike ter Maat were the duly nominated 2024 Libertarian Party candidates for President and Vice President of the United States, *not* Donald Trump and JD Vance; and

WHEREAS Angela McArdle actively undermined Chase Oliver’s candidacy in a variety of ways, such as using her position to aid in Donald Trump’s reelection through weak, disingenuous endorsements of Chase Oliver, serving as backhanded endorsements of the Republican Party nominee, stating, “I definitely cannot endorse Trump, but I do endorse Chase as the best way to take votes from Kamala,”³ and urging people to “support Chase Oliver if you’re in a blue state”⁴ clearly implying that he should not be supported in red and purple states; and

WHEREAS Angela McArdle has admitted to working with a candidate opposing Chase Oliver for the office of President, specifically stating she has been “working directly with the Trump campaign,”⁵ and having had conversations over five months prior to the 2024 National Convention,⁶ despite Trump’s lack of demonstrated commitment to advancing libertarian ideals; and

WHEREAS Angela McArdle has furthermore admitted to furthering Trump’s agenda⁷ as opposed to the Libertarian platform which, despite claims of selective alignment, reflects a dangerous precedent of prioritizing another party’s agenda over the promotion of Libertarian candidates and principles, creating an impression of blind loyalty and eroding the Party’s independence and credibility; and

⁵ “We did not get anything we wanted out of this POTUS race, as a caucus, so I am working directly with the Trump campaign to use Chase’s campaign to pull from Biden in exchange for ABOLISHING THE DEPT OF ED and putting a libertarian in his cabinet and FREEING ROSS ULBRICHT. Is this a prag move?? Did the prags ever try to abolish an entire agency?? What have the prags done at the national level to actually advance any of our principles and reduce the size and scope of the federal government?” Angela McArdle, July 5, 2024, Mises Discord, posted November 23, 2024 by Liberty Sentries (<https://x.com/libertysentries/status/1860517788969812254>)

Exhibit 2 (page 2 of 3)

WHEREAS Angela McArdle has repeatedly disregarded the will of the delegates, including disrespecting the delegates' choice of Chase Oliver as the Party's Presidential candidate, and creating the appearance of retaliatory actions against a duly elected member of the LNC, whose efforts to fulfill their duty to secure ballot access for Chase Oliver were met with resistance; this culminated in the improper removal of the member and subsequent disregard for the Judicial Committee's ruling to fully reinstate them; and

WHEREAS Angela McArdle has engaged in dealings that involve clear conflicts of interest, especially using her position as Chair of the LNC to obtain at least \$776,000 from organizations⁸ affiliated with the Robert F. Kennedy Jr. campaign to benefit the nonprofit Rescue the West, of which she was one of three founders in July 2024, while the LNC's separate joint fundraising agreement with the Kennedy campaign, justified by McArdle as a strategic alliance, further solidified her connection to Kennedy and placed her in a beneficial position, creating the appearance of self-dealing and undermining accountability within the Libertarian Party; and

WHEREAS the LPNY has become aware of numerous additional concerns raised by Libertarians across the Party, including those who have filed derivative lawsuits and others who have publicly expressed issues with Angela McArdle's leadership and actions; and

WHEREAS the Libertarian Party of New York (LPNY) has historically avoided commenting on national party actions; however, under Angela McArdle's leadership, the national Libertarian Party has alienated donors, hindered ballot access, damaged campaigns, fostered a perception of the Party as "Republican Lite," and drawn individuals with views misaligned with the Party's core principles, creating a culture of corruption and unprofessionalism that alienates principled libertarians, deters potential new members and supporters, and undermines the Party's mission to promote liberty for all; and

NOW, THEREFORE, BE IT RESOLVED that the LPNY vehemently opposes and disavows the actions of the LNC and direction of the National Libertarian Party under the leadership of Angela McArdle; and

BE IT FURTHER RESOLVED, that the LPNY differentiates itself from the actions of the National Libertarian Party by rejecting decisions and behaviors that undermine libertarian principles. The LPNY affirms its commitment to upholding the values and mission of liberty and integrity that truly represent the movement, distancing itself from actions that fail to align with these principles; and

BE IT FURTHER RESOLVED the LPNY requests our LNC Representative, Pat Ford, to bring forth these concerns to the LNC and to advocate for prompt and meaningful remedies; and

BE IT FURTHER RESOLVED that the LPNY calls for Angela McArdle, as Chair of the LNC, to take immediate corrective action to address the issues outlined, restore trust in the Party's leadership, and realign with its core principles; failing which, the LPNY calls for her resignation or removal as Chair.

Exhibit 2 (page 3 of 3)

Rationale for the Resolution by the Libertarian Party of New York

1. **Accountability in Leadership.** To hold the Libertarian National Committee accountable by expressing our disapproval of improper actions by Chair Angela McArdle, which emphasizes the need for transparency and accountability within party leadership.
2. **Upholding Ethical Standards.** To uphold ethical standards, which is essential for earning trust and credibility, especially for a party rooted in principles. Overlooking misconduct risks eroding this trust and normalizing behaviors that undermine the movement's long-term success.
3. **Protecting State Party Integrity.** To protect our reputation and commitment to our party's foundational principles and values, by distancing ourselves from national leadership's actions, to ensure New York libertarians can proudly support their state party even when the national leadership deviates.
4. **Maintaining Credibility with Voters.** To maintain credibility with voters, since blindly associating with figures like Donald Trump dilutes the Libertarian Party's distinct identity, reducing its appeal to principled libertarians and the broader electorate.
5. **Maintaining Donor Trust.** To maintain the trust of donors to both the national party and state affiliates, who expect that their funds will support Libertarian candidates and initiatives, not candidates from opposing parties or the self-serving interests of party leadership.
6. **Ensuring Candidate Confidence.** To ensure that future Libertarian Party candidates, especially for President and Vice President, can be confident that they will not be publicly undermined by party leadership.
7. **Focusing on Long-Term Growth.** To ensure the party's long-term growth, leadership must prioritize building a strong, principled foundation rather than aligning with fleeting opportunities tied to temporary political figures and movements. The focus must be on building a liberty movement that thrives beyond any single election cycle.
