

# LIBERTARIAN

## PARTY HISTORICAL PRESERVATION COMMITTEE

MEETING SUMMARY      July 7, 2025

**Date and Time:**            Monday, 7 July 2025 at 6:00pm Eastern time

**Where:**                      Online: Zoom

**Committee Attendees:** Joe Dehn, James Gholston, Sam Bohler, Andrew Kolstee

**Other Attendees:**        none

The meeting was called to order at 6:02pm Eastern time.

**Records of Previous Meetings:** The minutes of the 1 July meeting were approved without objection.

**General Committee Business:** There was discussion of whether it will be necessary to separately copy people who may be interested in continuing to receive our minutes, given that we may not have access to add such people to the regular committee list while the question of who is committee chair is unresolved. Sam noted that as a member of the IS Committee he has access to see the subscriber lists. He reviewed with the committee who is currently on our list, and it appeared that everybody we know about interested in receiving our minutes is in fact on the list, so no separate copying should be necessary.

Sam reported that although he did not yet have a chance to discuss our situation with Steven Nekhaila, he did send Steven e-mail about it, including our recommendation that Sam be appointed as committee chair. In response, Steven has placed that on the agenda for the upcoming LNC meeting.

**Facebook Live Videos:** Andrew reported that he has been able to successfully download more videos.

**LP HPC YouTube Channel:** There was discussion of who has access to upload to the YouTube channel that we have been using to store and present videos that are linked from various LPedia articles (e.g, recordings of meetings). This channel was set up

by Caryn Ann. While she was happy to let others upload things, due to YouTube's two-factor authentication policy it still required that she confirm each login. Andrew pointed out that YouTube provides the option of giving multiple users access to maintain a single channel, with each being able to log in independently with their own credentials. Joe will discuss with her how to get this set up so that current members of the committee who have reason to upload videos will have that access.

The meeting was adjourned at 18:27pm Eastern time.
