MEETING SUMMARY September 16, 2025

Date and Time: Tuesday, 16 September 2025 at 6:00pm Eastern time

Where: Online: Zoom

Committee Attendees: Caryn Ann Harlos, Joe Dehn, James Gholston, Andrew Kolstee, Sam Bohler, Lisa Gansky

Other Attendees: none

The meeting was called to order at 6:02pm Eastern time.

Records of Previous Meetings: The minutes of the 2 September meeting were approved without objection.

Site Statistics: Sam reported that there were about 1300 active users in the past two weeks.

Site Technical: There was a discussion of issues relating to MyWikis moving our site to Cloudflare. At first this resulted in our pages being displayed not at "lpedia.org", but that was corrected. One significant remaining issue is that now each time somebody tries to start accessing LPedia they are forced to wait several seconds for "verification that they are human". MyWikis did not offer us a choice about this; apparently they just switched to this setup any of their customers who are receiving a lot of traffic, and we get a lot of traffic relative to what we are paying. An additional concern with this arrangement is that our site is now only available to people using certain browsers, as Cloudflare is very selective about that.

New York: Andrew responded to a question from Caryn Ann about the nature of an event called "Empire State Freedom Summit", to allow her to properly categorize it.

California: Joe reported that the California HPC has now been repopulated. He has also started uploading videos of some state meetings to our HPC YouTube channel.

Florida: Lisa reported that she ran into a problem uploading a video of a meeting that was flagged as a copyright violation because somebody had some music playing in the background.

Convention Memorial Committee: Lisa said she is still looking for a time when she can bring Susan Hogarth up to speed as co-chairs of this subcommittee. She said she doesn't know if she is going to be able to find somebody to make a video this year.

The meeting was adjourned at 6:29pm Eastern time.
