Hi Travis, this is Hector Roos from Florida. Also with Libertarians for Kennedy. I wanted to ask your opinion on whether LPWV is interested in placing Kennedy on the ballot there.

As what? He'd need to petition as an independent.

There is a petition being circulated. But if the LP states wanted to help him qualify for the CNN debate by the June 20th deadline they could give him their ballot lines too.

We can't have two libertarians on the ballot.
